Classes and activities are led by enthusiastic, qualified, and trained teachers and parents on a volunteer basis.

“A NATION LIVES THROUGH ITS LANGUAGE” *ISTVÁN SZÉCHENYI*

Children sing Hungarian songs, play Hungarian games, gain proficiency in reading and writing, learn about important historical events, and become familiar with the key underpinnings of Hungarian culture and tradition, all within the context of friendly, informal, classes and scouting activities organized by age group. Adults are also offered opportunities to improve their Hungarian, both through teacher-led classroom instruction and through informal conversation.

INFANTS AND TODDLERS 0-3 YEARS

Children under the age of 3 meet from 10:00-11:00, accompanied by their parents, for a range of age-appropriate activities that include Hungarian children’s songs, movement and speaking games, and activities that enhance their ability to interact in a group setting.

PRE-SCHOOL AND KINDERGARTEN 3-7 YEARS

Our pre-school through kindergarten program is comprised of four classes, inclusive of the age group in American first grade. Emphasis is placed on vocabulary enhancement and increasing familiarity with Hungarian traditions.

SCHOOL 7-18 YEARS

Our scholastic program encompasses American second grade through high school. It focuses on reading and writing proficiency in the early grades, and is followed by selected topics of increasing complexity in Hungarian grammar, literature, history, and geography, culminating in socioeconomic studies for high school aged children.

ADULT PROGRAMS BEGINNING-ADVANCED

We offer two study groups to support Hungarian language learning and practice for adult students, one at the beginner level and another for those with some Hungarian speaking experience.
